OFFICIAL ADVERTISEMENTS.

SALE OF SANDALWOOD.

Notice is hereby given that the following approximate quantities of sandalwood will be put up to auction by the undersigned at the Vellore Depot on the 3rd July 1914 at 3 P.M.

1. No person will be allowed to bid at the auction, save unless he furnishes an earnest money deposit of Rs. 1,000 (one thousand only). The deposit will be retained in the case of the highest bidder and will be adjusted towards the purchase money in the event of the sale being effected. If the sale is not confirmed the deposit will be returned. In the case of other bidders, the deposit will be returned at the close of the sale.

2. The bids are subject to the approval of the Commissioner of Forests, Southern Circle, Trichinopoly, who does not bind himself to accept the highest or any bid.

3. In the event of any bid being accepted by the Commissioner of Forests, Southern Circle, the successful bidder will have to pay the purchase money in full within ten days of the date of receipt of the order confirming the sale.

In the case of failure to make payment by the said date the sandalwood will be resold at the purchaser's risk and the deposit will not only be forfeited to Government but also any loss arising by such resale, recovered from the original purchaser.

4. The purchaser must take delivery of the sandalwood after payment and within five days from the date of receipt of the order confirming the sale. If he or his Agent does not attend on the due date for the weighing of the sandalwood purchased, no further weighing will be made, i.e., no drays will be allowed and the weight recorded at the time of sale (which is the weight recorded immediately after final stacking and that notified at the time of sale) must be accepted by him.

5. The sandalwood will be weighed, as it is in the depot in the presence of the purchaser or his accredited agent and no further weighing will be undertaken by the Forest Department nor will purchasers be allowed to stack any wood previous to weighing. The classification, stacking and weighing as determined by the Forest Department must be accepted.

6. The purchaser will bear the cost of weighing at the time of delivery.

7. The purchaser will be allowed one week from the date of delivery after weighing to remove the wood, during which period, it will be kept in the depot at his risk. If the purchaser fails to remove all the wood within that period, demurrage will be charged at the rate of Rs. 5 (five) per day until the 3rd July 1914 after which date any sandalwood remaining will become the property of Government.

8. The highest bidder will be required to sign the auction list in token of his having understood the conditions of sale.

9. Further particulars can be had on application to the undersigned.

3. The lease will extend for three years from the date of confirmation of the bid by the Deputy Commissioner, Salt, Abkari and Customs Department, Coastal Division.

4. A deposit of Rs. 200 must be made by each intending bidder previous to bidding and it will be received by the Inspector, Salt, Abkari and Customs Department, Madras Depot Circle, at any time during the office hours, within three days previous to the date of sale.

5. No person will be allowed to bid for another, unless he holds a power-of-attorney from him. Such facts should be brought to the selling officer's notice at once.

6. The selling officer may for valid reasons refuse to accept any bid, and in case of dispute his decision shall be final; if, for any reason, the highest bid is rejected, the selling officer may at his discretion either accept the next highest bid or commence the auction again.

7. The final acceptance of bids shall rest with the Deputy Commissioner, Salt, Abkari and Customs Department, Coastal Division, who reserves to himself the right to accept or reject any bid at his discretion.

8. The deposits made by the unsuccessful bidders will be refunded, as soon as possible, after receipt of the orders of the Deputy Commissioner, Coastal Division, on the auction sale report.

9. As the auction proceeds, each successful bidder shall at once, if so required by the selling officer or otherwise at the close of the day's sale, make such further deposit as the selling officer may require. Should he fail to do so, the deposit made by him under condition 8 above will be forfeited and the shell-rights will be put up to auction again or otherwise disposed of as the Deputy Commissioner may determine, and the defaulter may be debarred from bidding again at any subsequent sale of shells.

10. On the acceptance of the bid the successful bidder will be required to enter into an agreement with a work for the due performance of his contract and pay one-eighth of the auction amount to the Assistant Commissioner, Chingleput Sub-Division, or any officer authorized by him. Should the bidder give will be sold or otherwise disposed of as the Deputy Commissioner may determine. Besides will be required to make good the deficiency between the amount payable under the terms of the original sale and that payable by the successful bidder at the resale.

11. A copy of the form of the agreement can be seen at the office of the Assistant Commissioner, Chingleput Sub-Division, Madras, where all further information on the subject can be obtained.

12. Before commencement of the work by the lessee in the areas leased out, the Inspector, Salt, Abkari and Customs Department, Traveller Circle, under whose jurisdiction the areas lie, shall give him a lease and permit out to divide such areas according to the number of years for which they have been leased out, so that it may be arranged that only one parcel shall be worked at a time.

13. The amount paid under condition 8, 9 and 10 above will be adjusted towards the fourth instalment of purchase money payable under condition 11 of the agreement.

14. The Karadine Engineer reserves to himself the right to reject the lowest or any tender without assigning any reason for so doing.

12. The form below is the schedule form printed in F.W.D. Form E-1 and gives the description and amounts of the several items of work to be done.

The Standard Barometer and Thermometer are read at 8 A.M., 10 A.M., 4 P.M., and 8 P.M., and the daily means are obtained by the application of hourly corrections, deduced from twenty years' observations. The screen of the Barometer is twenty-two feet above the level of the sea, and the receiver of the Rain Gauge is two feet from the ground. The wind, rain and general weather registered are for the exact Civil Day—from midnight to midnight.

The total quantity of rain collected since January 1st is 8.05 inches, the average due for the same period being 9.35 inches.
